Directions:

1. *Find a Calm Environment:* Choose a quiet spot where your dog feels secure. For Nalla, that's often on a mat with a favorite chew toy or a lick mat smeared with peanut butter to distract her.
2. *Inspect First:* Gently lift your dog's ear flap. Take a moment to look for any redness, swelling, unusual discharge, or strong odors. If you see anything concerning, pause the cleaning and consult your vet. This step is crucial for early detection.
3. *Apply the Cleaner:* Hold the ear flap up and carefully squirt the recommended amount of ear cleaner directly into the ear canal. Don't be shy – you want enough to flush the canal.
4. *Massage the Base of the Ear:* With the cleaner in, gently massage the base of
